

STORAGE & HANDLING INFORMATION: For professional use only. Store tablets in a cool, dry environment and ensure the pack is closed; do not let the tablets get wet. The concentrated powder in the tablet is wrapped in a water soluble film to prevent skin contact. Handle the tablets with dry hands only as the film dissolves in contact with water. If a tablet is damaged, handle it wearing impermeable gloves to avoid skin contact.

DILUTED CLEANING SOLUTION: There are no hazards associated with this product when it is diluted correctly with one tablet in 750ml of water. When used in this form, gloves and other personal protective equipment are not required. Cleaning solution rated at BS EN 1276 for 28 days after it is dissolved into water, which will kill 99.9% of bacteria in 30 seconds. After 28 days, the cleaning solution is effective for up to six months.

CONCENTRATED POWDER: The following applies to the concentrated powder within the tablet's film in its undiluted form.

WARNING Causes severe eye damage. Contains citric acid. May cause respiratory irritation. Keep out of reach of children. Do not breathe dust or vapours. Wear protective gloves and eye protection. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention/advice. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Call a poison center or doctor if you feel unwell. **IF ON SKIN:** Take off immediately all contaminated clothing. Rinse skin with water.
